

# lašèMD AMPOULE SERIES

## Optimize your GLO

**VC AMPOULE**  
(ASCORBIC ACID)

Ascorbic Acid, also known as Vitamin C, is one of the strongest naturally occurring antioxidants that encourages younger, healthier skin by promoting healthy collagen structures. It also helps to rejuvenate the appearance of photo-aged and photo-damaged skin.

*Telang, P. (2013) Vitamin C in Dermatology. Indian Online Dermatology Journal. Retrieved from <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3673383/>*

**VA AMPOULE**  
(RETINOL)

Vitamin A, or more specifically, Retinoic Acid, works naturally to improve the appearance of aging skin. It increases cell turnover, allowing new cells to emerge. Retinoic Acid curbs the breakdown of collagen to help decelerate the formation of wrinkles, as well as the production of melanin, which causes uneven pigmentation in the skin.

*Edgar, J. (2011) Retinoids for Anti-Aging Skin. WebMD. Retrieved from <http://www.webmd.com/beauty/features/retinoids-for-aging-skin#1>*

**TA AMPOULE**  
(TRANEXAMIC ACID)

Tranexamic Acid is a synthetic compound known to have skin lightening effects, particularly for hyperpigmentation caused by excessive sun exposure. Studies have shown Tranexamic Acid to be effective in the treatment of melasma.

*Ebrahimi, B. and Naeini, F. (2014) Topical Tranexamic Acid as a Promising Treatment for Melasma. Journal of Research in Medical Sciences. Retrieved from <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC4235096/>*

**RS AMPOULE**  
(RESVERATROL)

Resveratrol is a powerful antioxidant that helps to impede skin aging caused by oxidative stress. It attacks free radicals in the skin and works to mitigate collagen loss that is induced by free radical activity. When incorporated into a stabilized topical formulation, Resveratrol can effectively reduce the appearance of wrinkles.

## Optimize your GLO

### LASEMD CREAM (TUBE 75G)

LaseMD Cream is designed to enhance the absorption rate of effective molecules after treatments with its extraordinary multi-layer emulsion technology.

### LASEMD BIO CELLULOSE CREAM MASK

The natural coconut based cream mask pack is excellent for after treatments and gentle enough to be used daily to restore moisture to the skin.
